

For Immediate Release

September 2011

MetPlas to exhibit at the APTA 2011 Expo and Annual Meeting in New Orleans

Natrona Heights, PA - MetPlas will be on display at the 2011 APTA Expo and Annual Meeting at the New Orleans Convention Center October 3-5. You are encouraged to stop by their booth to learn how MetPlas has established itself as a highly diverse, reliable supplier to the transit industry for the past 30 years. MetPlas' waterjet cutting, precision machining, and assembly of both metals and plastics has allowed the ISO 9001-2008 registered company to supply the industry with heat sinks, composite flooring, electrical insulation for propulsion systems, copper bus bar and more. Please contact Mike Carlin at mikec@metplas.com for more information. For information about the conference visit www.aptaexpo.com.

About Metplas

MetPlas is an ISO 9001-2008 registered manufacturer that specializes in waterjet cutting, precision machining, and assembly of both metals and plastics including materials such as thermoset plastics (GPO3, G10, FR4, etc), thermoplastics (Delrin, Nylon, Teflon, etc), and various alloys (Aluminum, Steel, Copper, etc). Founded in 1981, MetPlas has established itself as a world class supplier to the Energy, Rail Transit, Medical Device, and Defense industries. Visit www.metplas.com to learn more.
